March 2021

Spring is coming soon as well as camping season. Hopefully Mrs Covid will leave us quickly to leave place for a great season without compromise.

What a beautiful winter. It was really wonderful at the campsite. Many have noticed it on the various social networks sociaux [Facebook](#), [Twitter](#), [Instagram](#) and in our [website](#) and were able to take advantage of it this winter, since we did snow removal in the streets of the campsite all winter. So it was easier for everyone to go to their site and / or remove snow from their roof.

Space for future classifieds adds for your equipment for sale. Contact us to advertise here!

A lot of work to do, great projects

New projects have started. We have started working in the rustic sector to prepare for the addition new and beautiful large lots. We now have a waiting list for future seasonal campers. You will also soon notice that the old chalets are gone. We have a lot of great projects and great ideas, but as they say, Rome was not built in a few days. Slowly but surely.

New website - social networks.

The website of [Camping Ste-Justine](#) is getting a makeover. We have added a "[espace saisonnier](#)" which is now available, for those who are not on social networks and who want to know what is happening at the campsite, even out of season.

For Sale Section:

We have added a "For Sale" section (See "Seasonal Space / For Sale") on our [website](#). Please let us know if you plan to sell your equipment.

News - Convenience Store

Several new features will also be available this year. We should have a small convenience store at the reception, some non-perishable items and others (candies, chocolates, popsicles etc.). Nothing has been established yet, but we are working on it. If you have any suggestions, please let us know.

Billing

You will shortly receive the updated billing (statement of account), which will also include the electronic version of the contract you signed in the fall. The extras were added and / or adjusted after verifications and entered on the electronic version and on the invoice. As many have done throughout the winter, you can pay for your season in installments by electronic transfer (Interac or etransfer) to info@campingstejustine.ca, the balance remaining payable upon opening on May 1, 2021.

Evaluation - new pricing / invoicing

During the season, all locations will be visited, measured and re-evaluated in order to standardize and establish a new pricing and billing system for the coming seasons. Several extras will also be eliminated. Nothing is defined yet. We will keep you informed during the season.

New services offered for next winter.

We are studying the possibility of offering to our seasonal campers, snow removal services for your RVs and Roulottes in winter. For those who were subscribed to our [Facebook page](#) and to the [seasonal group](#), we have put several pictures of our walks in the campsite this winter, so that you can see your RVs and see if you have to come and remove snow on it. We also contacted a few seasonal campers, if the situation required it. Once again, I invite you to visit the various media regularly to be informed in real time of the situation at the campsite at all times. Whether it's on our [Facebook page](#), le [Facebook seasonal group](#), [Instagram](#), [Twitter](#) or [our Website](#).

Comments-Suggestions
