

AUGUST 31, 2022: DEADLINE TO RESERVE YOUR SITE – See below for full details.

This newsletter is very important, since it will provide you with all the information related to the renewal for 2023.

HAVE YOU NOTICED? THE PLAYGROUND IS EXPANDING... : Work is progressing near the pool. You will soon have the chance to come and use the new playground near the pool, since we are currently working on the construction of several playgrounds.

You can come and play or organize tournaments of: Petanque, Irons, Washers and even Balls and Ladders (balls). Other surprises will also follow eventually. We also plan to eventually have facilities to provide you with shade.

We also have the pocket games that Lévis offered to the Campsite which is available. Pockets are at the reception.

SOME REMINDERS

LANDSCAPING: Make sure you respect your limits and regulations: More and more seasonal workers have turned into real gardening artists this year, by developing their land and / or those of others. Congratulations! While it is perfectly legitimate to maintain and clean your land, even at the back, to remove fallen leaves, which also helps keep mosquitoes away, we ask that you make sure you respect the regulations and boundaries of your site and/or you inform the management before undertaking any work outside the limits of your land or before touching the vegetation (trees, shrubs, etc.). Your land may be subject to a change of category if your facilities are outside the boundaries of the land provided to you.

Remember that, according to the regulations, it is forbidden to prune, cut, uproot or damage vegetation (trees, shrubs, etc.). Respect for the environment and vegetation is one of our priorities.

SPEED: Always a problem: Speed is always a problem that we have a hard time managing at the campsite and we can no longer add donkey backs. Please respect the limit of 8 KM/hre. Attention to our elders, our children and our animals..... : Except to climb the main street hill, you should not have to press the accelerator to move forward and you should even have your foot on the brakes on large part of the campsite so as not to exceed the 8 KM limit. The speed limit is also valid for bicycles, motorcycles and golf carts. Thank you for your cooperation

LET'S TALK A LITTLE AUTUMN: Despite our good will over the past two years, we have realized that the task is far too heavy for the guys, to collect your leaves in the fall. Spending more than 4 weeks full-time after the end of the season plus 2 weeks in the spring, only to clean the campsite and pick up the leaves, unfortunately no longer gives us time to work on the other tasks and/or on the realization of the various projects (new seasonal site and/or snowbirds sites, renovation of sanitary blocks, etc.). That is why we will ask for your collaboration this autumn, in

order to pick up your leaves yourself and /or to take them to the places that we will indicate in the next newsletter. On the other hand, you can always fill your brown bags and leave them at the edge of your land, or come and carry them near the reception, if there are only dead leaves (no rocks) and that the bags are not heavy like some last year. For those who have the cleanliness of the campsite at heart, we could organize a "chore" day for the cleaning of the leaves in the fall.

RENEWAL 2023

The period for signing contracts is fast approaching. **YOU HAVE UNTIL AUGUST 31, 2022 TO BOOK YOUR SITE FOR THE 2023 SEASON**

Request your renewal form now by email or come see me at the reception to get a hard copy.

Contracts can be signed electronically or in person. Ideally from Monday to Thursday between 10 am and 4 pm or by appointment.

IMPORTANT: It is important **to fill out** the complete renewal form this year, so that I can make sure that all your information is up to date, since we changed management software this summer.

Base pricing for seasonal site will be increased by \$125.00 for the 2023 season (plus taxes and extras). See renewal form for more details.

This increase is due to a very significant increase in operating costs (electricity, taxes, insurance, environment etc.) and follows the average rate of other campsites in Quebec, according to a survey conducted by our association this summer.

- ❖ **Mandatory deposit** upon signing of the contract.
- ❖ **Accepted payment method:** Interac e-Transfer (recommended), Debit, Cash. Credit cards are not accepted for seasonal payments. In order to facilitate my task please use the password "camping" or your site number: eg "site82"
- ❖ **CHANGE:** The total amount of the season must be paid no later than **May 1, 2023** and you can pay up to **four (4) payments** (maximum). Please do not make a transfer between mid-November and mid-December and between mid-March and mid-April.
- ❖ **Non-Renewal/Departure:** Seasonal campers who do not wish to renew their contract must notify us as soon as possible before August 30 and fully vacate their site no later than Monday, October 10, 2022. The site must be left clean, without damage and ready to receive new tenants in order to avoid additional costs (cleaning, preparation, development, etc.). Any building must be removed at your expense if it has not been accepted by the new tenants.
